Maltese eTwinning Projects

Welcome to My World:
The aim of this project was for pupils from both schools to present their lives to each other. The project also focused on the theme of ‘Bullying’ since both schools had experienced bullying problems amongst teens.

Intercultural Dialogue Through Fairytales, Drama and Art: During this multi-partner project (with 35 schools in all), participants collaborated together in order to become familiar with the different cultures of each partner school’s home country through the use of fairy tales, drama and the arts.

Teachers Rooms

A Teachers Room is a tool on the eTwinning Desktop where colleagues with similar interests can talk using a forum/chat. And best of all, eTwinners can create their own Teachers Room! All you need is to have in mind an interesting topic for discussion with other eTwinners.
